Dear **Fausto Bogazzi**,

The **16<sup>th</sup> International Thyroid Congress (ITC)** will be held in Xi'an, China, on September 8-13, 2020, at the Qujiang International Conference and Exhibition Center (QICEC).

The 16<sup>th</sup> ITC will be hosted by the Asia & Oceania Thyroid Association (AOTA) and Chinese Medical Association (CMA) and co-sponsored by the four international thyroid associations, the 16<sup>th</sup> ITC will be a great platform for international endocrine specialists, surgeons and other health professionals to present and discuss the up-to-date research and developments in thyroidology.

On behalf of the Program Organizing Committee, it is my honor to invite you to participate in the Scientific Program as a MTP Speaker. Your involvement will greatly contribute to the academic success of the Congress.

We would like you to deliver a presentation on the following:

### **"Amiodarone and the thyroid"**

We do hope that your schedule will allow you to accept this invitation and look forward to receiving confirmation of your participation in this unique forum. If we have had no response by **Friday 13<sup>th</sup> December** we will assume that you have declined the invitation.

Please reply to Natalie Ross (itc@comtecmed.com) of the International Congress Secretariat, Comtecgroup.
